

## Finding help on R

### From within R

- `?...`, `help(...)`
- `??...`, `help.search(...)` (or `help.search(...,agrep=FALSE)` to avoid partial matching)
- `????...` (one of the [few Easter eggs](#) in R)
- `apropos(...)`
- `RSiteSearch(...)`
- `library(sos); findFn(...)`

### Task views

- Task views (or [this view](#)
  - [Environmetrics](#)
  - [Phylogeny/comparative methods](#)
  - [High-performance](#)
  - [Spatial](#)
